

## TOBACCO MOVEMENT

Gains Nation-Wide Interest  
and Importance To The  
Public.

### KINCHELOE IS ON THE JOB

Matter Will Be Brought Up  
In Southern Commercial  
Congress Dec. 13.

Gov. Stanley will speak at a ban-  
quet to the Merchants and Manu-  
facturers' Association, at the Seel-  
by in Louisville, Dec. 9, two days  
after his inauguration.

Paducah sent out a startling re-  
port that the Liberty Bell was en-  
dangered by a fire two blocks away.

It might be a good idea to give the  
precious old relic a bath of fire and  
melt the crack in it.

A fan baby a year old who ar-  
rived in charge of an immigrant wo-  
man at New York was ordered de-  
ported, in spite of the offer of a rich  
woman to adopt the motherless in-  
fant, whose name is Jeanne. An  
appeal to Washington was taken.

Hon. M. R. Patterson has chal-  
lenged Congressman K. D. McKellar  
to a series of joint debates in Ten-  
nessee, in which the former gover-  
nor demands that his opponent de-  
fine his attitude on prohibition. No  
definite answer has yet been given.

President Wilson invited Repub-  
lican leaders Gallinger and Mann, to  
confer with him on the defense  
measures proposed. Gallinger  
promptly accepted. Mann refused to  
"receive orders from the White  
House," but later accepted the Pres-  
ident's invitation.

The State Agricultural Depart-  
ment has issued a bulletin calling at-  
tention to a law prohibiting the sell-  
ing of unripe oranges. This is all  
very well, provided Kentucky laws  
can be extended to Florida and Cali-  
fornia but something more to the  
point in Kentucky would be a law  
against selling green watermelons.

Almost any fool can tell when an  
orange is ripe, but it takes a smart  
man to foretell what's on the inside  
of a watermelon.

## TWO HOUSES DESTROYED

In Fifth Ward at an Early  
Hour Yesterday  
Morning.

Fire originating in the house of  
Tom Davie, col., on Howe street, at  
3:15 yesterday morning, entirely de-  
stroyed his house and that of Sylvia  
Jackson, col., adjoining it. Another  
house belonging to Hiram Smith and  
occupied by a colored family caught  
on fire, but the fire department ar-  
rived in time to save it after the  
roof was partly burned off. The two  
houses burned were worth \$300 or  
\$400 each, with some insurance. The  
other house was fully insured.

### Alarm But no Fire.

The fire department was called out  
yesterday just before noon by the  
burning of a jet of escaping gas in  
the repair shop of Tom Christian,  
corner Main and Tenth street. The  
flame s were running up the wall to  
the ceiling, but the fire was con-  
trolled before the department could  
reach the scene. There was no damage.

## STANLEY BY 471 OFFICIAL

Lewis Has an Indicated Major-  
ity Over Hamlett of 115  
But Count Stopped.

### BY AN INJUNCTION SUIT FILED

Black Led With Nearly Nine  
Thousand Votes To The  
Good.

Frankfort, Ky., Nov. 24.—The  
State Board of Election Commissioners  
Robert L. Greene, Clerk of the  
Court of Appeals and ex-office chair-  
man; C. W. Montgomery, Democrat,  
of Elizabethtown, and R. C. Stoll,  
Republican, of Lexington, met Mon-  
day and canvassed the election re-  
turns in all races but one.

The total vote for State officers  
follows:

For Governor—Stanley, 219,901;  
Morrow, 219,520; Pickett, 4,201;  
Drexler, 1,371; Dobbs, 3,307. Stan-  
ley's plurality 471.

For Lieutenant Governor—Black,  
215,855; Walker, 207,127; Demaree,  
3,080; Eskridge, 1,131; Gamble, 3,  
268. Black's plurality, 8,728.

For Auditor—Greene, 212,307;  
Weber, 207,399; Moore, 3,018; Holtz-  
claw, 1,094; Boswell, 3,333. Green's  
plurality 4,908.

For Treasurer—Goodpaster, 211,  
264; Hunter, 206,963; Carpenter, 2,  
964; Groves, 1,111; Cullen, 3,261.  
Goodpaster's plurality 4,301.

For Attorney General—Logan 211,  
290; McGregor, 206,567; Cole, 1,205;  
Clark, (Socialist), 3,373. Logan's  
plurality 4,723.

For Clerk of the Court of Appeals  
—Keenon, 211,247; Huntsman, 206,  
916; Hardy (Socialist), 3,181. Keen-  
on's plurality, 4,331.

For Superintendent of Public In-  
struction—Gilbert, 210,352; Green,  
207,552; Gragg, 2,744; Nance (So-  
cialist), 3,181. Gilbert's plurality,  
2,800.

For Commissioner of Agriculture  
—Cohen, 212,461; Hanna, 206,599;  
Shepard (Socialist), 3,213. Cohen's  
plurality, 5,863.

State Superintendent Barksdale  
Hamlett, Democratic candidate for  
Secretary of State, stopped the can-  
vass of the votes in his race with J.  
P. Lewis, Republican, by the State  
Board of Election Commissioners  
with an injunction, having secured a  
temporary restraining order from  
Kelly Smither, Clerk of the Frank-  
lin Circuit Court, on the ground that  
the board had no right to count re-  
certified votes, where there was no  
court order directing such supple-  
mental certification. The vote as  
canvassed by the board would have  
given Lewis a majority of 115.

This order was directed specifically  
at the recertification of Cumberland  
Falls precinct, of McCreary county,  
adding 101 votes to Lewis, which the  
county board explained had been  
omitted in the original returns by  
oversight.

The State board gave the same votes  
to Lewis, as well as 10 in a correc-  
tion from Shelby and 100 in a re-  
certification from Christian county, or-  
dered by the Circuit Court. Ham-  
lett gained three by a recertification  
from Perry county, ordered by court,  
and 100 in the correction of a clei-  
cal error in Mason county.

The recertification from Hart  
county in the Secretary of State's  
race, which would add 91 to Lewis,  
was thrown out by the board.

As the count stands, including re-  
certification in McCreary, Mason,  
and Perry counties, Lewis won by 2,900.

## BOYS AND GIRLS POULTRY CLUBS

To be Organized in Christian  
County Backed by Asso-  
ciation.

### POULTRY BREEDERS ORGANIZE

Christian County Poultry Im-  
provement Association—  
Meets Monday Night.

Following the visit of Mr. Slade,  
of the Agricultural Department last  
week, a number of breeders of pou-  
try met at the rooms of the H. B. M.  
A. Monday night and organized The  
Christian County Poultry Improve-  
ment Association.

B. G. Nelson, assistant state agent  
presided and County Agent Casey  
acted as secretary of the meeting.

The following officers were elect-  
ed: Chas. M. Meacham, president;  
Dr. C. H. Tandy, vice-president; B.  
D. Hill, secretary; J. W. Stowe,  
treasurer.

It is planned to make this the  
leading poultry county in the state,  
just as it is the leader in good roads,  
farm improvements and other lines.

Mr. Slade proposes to organize  
poultry clubs and to supply the mem-  
bers with eggs from pure-bred stock  
at 50 cents a sitting. This plan will  
be cooperated in by the new associa-  
tion.

Another meeting that all poultry  
breeders are urged to attend, will  
be held next Monday night at 7:15  
in the H. B. M. A. office. At this  
meeting the Board of Directors will  
be selected and probably the breed  
will be determined for the use of the

boys and girls who join the clubs in  
this county to compete for prizes  
offered for the best poultry raised.

The plan will be similar to the pig  
clubs, canning clubs and corn clubs  
already in successful operation.

### MISSSES GAYCE ENTERTAIN.

Misses Florence and Maud Cayce  
entertained the Julien Rook Club at  
their pretty country home near  
Julien last Thursday. On account  
of the inclement weather the attend-  
ance was not large. Misses Cayce  
served an elaborate salad course con-  
sisting of beaten biscuit, old ham,  
turkey, wafers, gelatine salad, cel-  
ery, pimento sandwiches, pickles,  
salted peanuts and coffee.

Christian, Perry and Shelly, the  
three in the race for Secretary of  
State is: Lewis 209,754, Hamlett  
209,639.

It is understood that Superintend-  
ent Hamlett expects to be able to  
show errors in other counties. He  
made a speech before the board, in  
which he said he believed the board  
had no right to consider recer-  
tifications unless ordered to be made  
by a court, and that on the original

returns he had a lead of 93. Chair-  
man Greene informed him that the  
only way he could proceed, now that  
the board had acted, was by injunc-  
tion.

The Progressive party was fourth  
in the number of votes cast, the  
head of the ticket polling but 1,397,  
as compared to 4,201 for the Prohi-  
bitionist and 3,307 for the Socialist.

Stanley's majority was 471. James  
D. Black for Lieutenant Governor  
led with a majority of 8,728; Mat-  
hew, R. L. Greene, M. M. Logan, R.  
W. Keenon and Sherman Goodpaster  
all had majorities of over 4,000 and  
V. O. Gilbert won by 2,900.

## THANKSGIVING UNION SERVICE

At Tabernacle at 10:30 a. m.,  
Conducted by Evangelist  
Burke Culpepper.

### ASSISTED BY OTHER PASTORS

Methodist Revival Grows in  
Interest From Day to  
Day.

The revival meeting of the Meth-  
odist church grows in interest with  
every service.

The meetings have been held at  
the tabernacle since Monday night  
and Evangelist Burke Culpepper has  
been preaching twice a day to great

crowds. At night the building is  
filled almost to its capacity. Mr.  
Culpepper continues to pour hot  
shot into the church sinners as well  
as the worldly ones. Up to last night  
he had not called for any one to come  
forward but his sermons are gradu-  
ally merging into powerful gospel

appeals, divested to some extent of  
the sensational features. Tuesday  
night he illustrated a point by taking  
off his coat and putting it on again  
while preaching. He ridicules, mim-  
ics and excoriates unmercifully, and  
his methods are said to be similar to  
those of Billy Sunday.

Mr. Culpepper will conduct the  
Thanksgiving service for all of the  
churches at the Tabernacle today at  
10:30 o'clock and it is safe to say the  
Tabernacle will be filled to overflow-  
ing.

## MRS. GILBERT PASSES AWAY

Victim of Tuberculosis Dies at  
Home of Parents After  
Long Illness.

Mrs. Irma Dryer Gilbert, wife of  
Mr. Fred Gilbert, formerly of this  
city but now of Morganfield, died at  
an early hour Tuesday morning at  
the home of her parents, Mr. and

Mrs. F. R. Dryer, 306 South Clay  
street, of tuberculosis, from which  
she had been a sufferer for some  
time. About six months ago Mrs.  
Gilbert was taken to Asheville, N.  
C., where she remained until about  
the middle of October, when she re-  
turned to this city. Her condition  
grew steadily worse until the end  
came. The deceased was a member  
of the First Presbyterian church.  
Besides her husband she is survived  
by one daughter. She was popular  
with every one who knew her and  
her demise causes sincere regret  
among her host of friends. Her

funeral services were held at the  
Dryer residence yesterday morning  
at 10 o'clock and the interment took  
place in Riverside cemetery.

### NO OPERATION.

It is now denied that President  
M. H. Smith, of the L. & N. Rail-  
road, has been operated upon in  
Baltimore, or that it will be neces-  
sary to operate upon him.

### CRECULUS LAW INVALID.

The Court of Appeals Tuesday re-  
turned a decision holding void the  
Creculus act permitting farmers to  
pool their crops to realize higher  
prices than they otherwise would  
get.

## NO BLOCKADE GREEK PORTS

Threat to Withdraw Special  
Privilege Heretofore  
Enjoyed.

### BALKANS CONFUSING REPORTS

Germans Claim Continued Suc-  
cesses—Slow Progress  
Appears.

EMPEROR WILLIAM  
WILL MAKE OPEN  
OFFER OF PEACE  
Reported He Will Take Such  
Steps After State Entry Into  
Constantinople.  
London, Nov. 23.—A dispatch to  
the Pall Mall Gazette from Berne  
says:

"There is declared to be un-  
doubted foundation for the re-  
port that Emperor William will  
make an open offer for peace  
through President Wilson after  
the emperor's coming state en-  
try into Constantinople."

London, Nov. 24.—Instead of de-  
claring a general blockade of Greek  
ports the allies, according to a state-  
ment issued by the British foreign  
office, have withdrawn or threatened  
to withdraw special privileges that  
Greek commerce has enjoyed since  
the war's outbreak.

Of the fighting in the Balkans re-  
ports are more confusing than ever.  
The Germans still claim progress  
and recount the capture of thou-  
sands of prisoners and many guns  
from the Serbians. But from the  
towns mentioned their advance ap-  
pears slow.

Dispatches from Athens say the  
delay is due to the fact that the Ser-  
bians have defeated the Bulgarians  
advancing on the town and have re-  
occupied their front on the Vele-  
Prilep line. Perhaps the real reason  
for the invaders' slow progress  
arises from transport difficulties.

Nothing of importance is reported  
from other fronts.

In the west the artillery is still  
active and the arrival of cold, clear  
weather may make possible an offen-  
sive by one side or the other. The  
Germans are reported to have  
brought large reinforcements to  
Flanders.

### GUTHRIE-DILLMAN.

Wedding at The Baptist Par-  
sonage Yesterday Afternoon.

Mr. Celand F. Guthrie and Miss  
Sarah Elizabeth Dillman were mar-  
ried at the First Baptist church yes-  
terday afternoon at 5 o'clock. Rev.  
C. M. Thompson performed the  
ceremony. Mr. and Mrs. Guthrie  
left at 5:29 over the L. & N. for a  
trip south. On their return they  
will make their home with the  
bride's parents on Seventeenth  
street for the present.

The bride is the oldest daughter of  
Mr. and Mrs. W. B. Dillman and is  
quite popular with a wide circle of  
friends.

The groom is a salesman in Frank-  
lin's store and enjoys a wide popula-  
rity.

German Spies.

An explosion near Parry Sound,  
Ont., which wrecked five buildings  
of the Canadian Explosives Company  
used for the storage of cordite, is at-  
tributed to alien enemies.

THURSDAY, NOVEMBER 25

The suggestion that McCreary county be abolished by the coming legislature is meeting with much favor. This county was first created in 1906 and called Thorpe but Gov. Beckham wisely vetoed the bill, perhaps realizing what has come to pass, that the new county would prove a thorn in the side of Kentucky. Later they put it over our present good-natured Governor by naming the county for him. It took several elections to decide which mountain village would be the county seat and after it was all over the so-called county had only 1500 voters, about 200 of them Democrats. Following the recent election, the Republican county leaders, including some of the officers, were caught padding the election returns for Morrow. Those worthies should be punished and the territory of this pauper county returned to the counties it was taken from.

The close of the Panama exposition has left California flooded with an army of unemployed and the state commission of immigration and housing has sent out a warning against people coming into the state in search of work, saying: "If you are looking for work or charity you will not find the former in California and you will find the latter only through hard labor on the roads or rockpile." Forty-four of the largest cities in the state have agreed not to "pass on" the destitute unemployed to other communities, according to the commission, the inference being that each city will enforce the vagrancy laws.

The runoff in the Tennessee senatorial primary is now receiving attention. McKellar was considered the "wet" candidate while both Patterson and Lea were "dry." Lea's 33,000 votes will decide the second contest, the candidates being within 2,700 votes of each other. Anything like an equal division of the Lea votes will make another close race. It is believed that Lea will prefer McKellar, but his supporters, being dry, may prefer Patterson. The second primary will be Dec. 15.

Mrs. Thomas R. Marshall, wife of the Vice-President, successfully underwent an abdominal operation at an Indianapolis hospital Monday. She was in the operating room more than an hour. It was announced at the hospital that Mrs. Marshall was resting comfortably.

Berlin claims to have taken 80,000 Serbian prisoners, while the Serbs assert that many of them are civilians and inferior troops left behind as rear guards and that the Serbian army, though hard pressed, is still practically intact.

Some counties in Tennessee must be very small or Democrats very scarce. In each of four counties the total vote for Senator did not reach 100, in the hottest election on record.

Phrase in an Old One.  
The phrase "entente cordiale" was first used to express the friendly relations existing between France and England in 1843.

Feminine Fancies.  
Nothing so forces a bright woman as to have a man tutor her on science or politics—and nothing so flatters a dull one.

To Cut Bread.  
When you wish to cut thin slices of bread, heat a steel knife over the fire to do it with.

Keeping Cheese.  
To keep cheese from molding in a wet season spread the cut surface thinly with butter.

## PRODUCING EGGS IN WINTER

Keep Before Hens Constant Supply of High Protein Meat Scrap, Grit and Fresh Water.

Keep before the hens that you are using for winter egg production, a constant supply of high protein meat scrap, complete grit, crushed oyster shell, and supply fresh, clean water abundantly and regularly, and see to it that the water does not become frozen in cold weather, as there has been no invention forthcoming from our geniuses in this line of industry which will provide the chicken with an ice-free.

Animal food is extremely essential in securing heavy winter egg yield, and as a rule, this can best be supplied in the form of meat scrap, as it is the most economical and convenient form obtainable.

Fowls greatly prefer green-cut bone, and if it is practical, we should respect our feathered friends' tastes as near as possible.

## BREED FROM VIGOROUS HENS

Ideal Mating for Breeding Purposes is Yearling Cocks With Well-Developed Yearling Females.

(By J. E. DOUGHERTY, University of California, College of Agriculture.) The production of a large egg containing a strong embryo and plenty of nourishment requires that a hen possess well-matured productive organs. It is necessary that the embryo not only have plenty of space within the

Five-Months-Old Barred Rock Pullet, Owned by Fred Kuntz, Forest Glen, Ill.

shell in which to grow but also be supplied with an abundance of food materials with which to make that growth. A pullet does not ordinarily possess reproductive organs sufficiently well developed to produce such an egg. Therefore a pullet does not produce as good hatching eggs and is not as desirable for breeding purposes as is the yearling hen. The pullet must necessarily utilize some of her energies in further growth and development. After attaining her full size, she still has to fatten and mature, as well as strengthen her laying organs through use.

Among the Mediterranean class of fowls, such as the Leghorn and Minorca, the males seem to develop sexually more rapidly than the females. Well-developed Mediterranean cockerels are therefore very often used as breeders when mated with yearling hens. The ideal mating, however, for breeding purposes, is that of vigorous yearling cocks with well-developed yearling

hens.

## DAMAGED WHEAT FOR FOWLS

Large Part of Crop Unfit for Milling Can Be Fed to Poultry—Hold on to Late Pullets.

The frequent statement that a large part of the winter wheat crop will prove unfit for milling should be encouraging to poultry-keepers as indicating cheaper feed this winter. The proportion is put at 60,000,000 to 100,000,000 bushels out of 600,000,000 bushels. It is said that it can be fed to hogs. It can also be fed to chickens, if not too musty. Caution should be used on that point. "It's an ill wind that blows nobody good," and poultry-keepers should not be in haste to market late-hatched pullets on the ground that it will cost too much to feed them until spring.

## High Egg Production.

Some of the characteristics in fowls of high egg production are: late molt and rough appearance, pale shanks, black ear lobes, and wide-spread pelvic bones. The activity of the fowl is a very good indication of high egg production.

## Cull the Flock Early.

Begin to cull early, selecting the more promising ones and see that they have an abundance of room, not only in yards, but in roosting quarters as well.

## Are You a Woman?

Baltimore, Md.—Mrs. W. H. Ison, at 1419 East Madison street, writes: "For several years, I suffered, off and on, from female troubles, until finally I was taken down and could do nothing. The pains I experienced, I shall never forget. I lost weight till I was only skin and bones, I believe I would have been in my grave, if I had not tried Cardui, I shall praise it as long as I live." Many women, like Mrs. Ison, are weak and disengaged, on account of some painful ailment. Are you one of these sufferers? Cardui will help you. Try it today. Any druggist.—Advertisement.

## GUIDE-BOARD QUITE USEFUL

Diagrammatic illustration of District With Township Sections indicated by Different Lines.

The Scientific American, in describing a guide-board invented by W. A. Fusch of Decatur, Ill., says:

This invention is a guide-board bearing a diagrammatic illustration of district with township sections and roads indicated by differentiated lines, and having a movable device adapted to be set in the guide-board at any

desired point which serves to indicate the location of said guide-board in the particular district or township delineated by the map on its face. The guide-board has a border on which are inscribed names of towns and other locations lying outside the one in which the guide-board itself is located, and also the distances of such towns and locations from points indicated on the map proper.

## PREPARE ROADS FOR WINTER

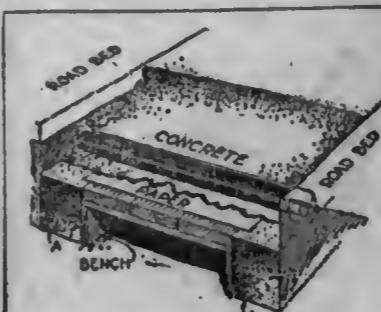

Before Ground Freezes Smooth, Drag and Pack Center of Road to Prevent Needed Drainage.

See that all drain ditches along the road are opened before the ground freezes; then smooth, drag and pack the center of the road, and you will have provided for the essential drainage, without which we cannot expect to have good highways. All rocks should be picked out of the track before they freeze to the ground, harassing both man and beast when they pass over them during the winter months. Low places at bridges and culverts should be filled and leveled up to make winter travel more enduring. Repair holes in bridges, to guard against serious accidents by some horse getting his foot fast—perhaps breaking his leg.

## TO MAKE CONCRETE CULVERT

Directions Given for Making Small Bridge Strong Enough to Stand Travel of Heavy Teams.

Our borough construction force builds a very good concrete culvert in the manner shown in the sketch, writes James M. Kane in Popular Mechanics. The sides A are first built, and the forms removed before the concrete is completely set. Benchlike wood forms are then placed at intervals between the sides A and boards

Concrete Culvert.

laid on them, then paper spread over the surface of the boards. The concrete is then put on top of the paper. Short pieces of railroad iron are laid in the concrete to re-enforce it.

After the top has properly set, the supports are driven out, or broken down with a long iron rod. The boards are then easily withdrawn. This culvert is strong enough to stand the travel of heavy teams as well as automobile trucks.

Virtues of Good Roads.  
Good roads will increase health, wealth, happiness, education, religion, morality, civilization and prosperity.

Drainage is Essential.  
Drainage is the first essential of the construction of good roads and still it is very frequently the last to be considered.

Easy on Horse and Wagon.  
Good roads are easy on you, easy on your horse, easy on the wagon, easy on the harness.

Happier Social Life.  
Good roads bring a better school life, a closer church life, a happier social life.

Did You Ever  
Stop to Consider

That an accident or sickness which destroys the use of arm or feet, or causes the loss of sight, is not only a physical calamity, but the most severe of all losses.

It Means the Wasting Away of  
An Estate Already Created.

the loss of any investment which is dependent upon the present or future earnings—in fact, the loss of the producing power, a disaster worse than death could bring.

Better talk it over with us to-day. Our policies offer better protection than others for the money expended.

We Invite Investigation and Comparison.

### COMMISSIONER'S SALE

Christian Circuit Court, Kentucky.  
Wright and Johnon, etc.  
Against T. M. Davie etc.

By virtue of a Judgment and  
Order of Sale of the Christian Circuit  
Court, rendered at the September  
Term thereof, 1915, in the above  
cause, I shall proceed to offer for  
sale, at the Court house door in Hop-  
kinsville, Ky., to the highest and  
best bidder, at Public Auction, on  
Monday, 6th day of December, 1915,  
between the hours of 11 a. m. and 2  
p. m. (being County Court day), upon  
a credit of six (6) months, the  
following described property, to-wit:

The following described land sit-  
uated in Christian county, Kentucky,  
and in the Southern portion thereof,  
near Hinsleytown, and adjoining the  
land formerly owned by Mrs. Sarah  
A. Buckner and known as the "Wagon-  
er Place," and bounded as follows,  
to-wit:

On the North by the said Buckner  
land; on the West by the lands former-  
ly owned by Herndon and now  
owned by E. R. Tandy; on the South  
by the same lands owned by E. R.  
Tandy; and on the East by a small  
tract of land known as the "Peter  
Bronaugh Place," and now belong-  
ing to Peter Hopkins, and containing  
17 acres more or less, and being the  
same land that was conveyed to the  
said Thomas M. Davie by George  
Oldham and wife, by deed dated May  
3, 1912, and recorded in the Christian  
County Clerk's office in Deed Book  
129, page 16; and being the  
same place upon which the said  
Thomas M. Davie and family now  
reside.

Or sufficient thereof to produce  
the sums of money ordered to be  
made, amounting to \$749.30. For  
the purchase price, the purchaser  
must execute bond with approved  
surety or sureties, bearing legal in-  
terest from the day of sale until paid  
and having the force and effect of a  
Replevin Bond. Bidders will be pre-  
pared to comply promptly with these  
terms.

LUCIAN H. DAVIS,  
Master Commissioner.  
C. H. BUSH, Attorney.

### Marked Similarity.

"The braw and kilted Scotch Highlander," said P. G. Peeler, "with his bare knees looking like horse-radish graters, plunges headlong into the fray to the skirl and shriek of the bagpipes. It is said that the sound of the pipes drives him to frenzy and makes him wild to fight, somewhat similar, no doubt, to the way in which my neighbors' phonographs affect me."—Kansas City Star.

### Colds Do Not Leave Willingly.

Because a cold is stubborn is no  
reason why you shou'd be. Instead  
of "wearing" it out, get sure relief  
by taking Dr. King's New Discovery.  
Dangerous b'occhia and lung ail-  
ments often follow a cold which has  
been neglected at the beginning.  
As your body faithfully battles those  
cold germs, no better aid can be  
given than the use of this remedy.  
Its merit has been tested by old and  
young. Get a bottle to-day. 50c.  
and \$1.00.—Advertisement.

### Flax-Growing a Failure.

Flax-growing has not proved suc-  
cessful in the United States, although  
about \$3,000,000 of flax fiber and more  
than \$20,000,000 of linen goods are im-  
ported yearly. Failure of the Euro-  
pean supply suggests a new attempt,  
and a Farmer's Bulletin reports that  
the fiber flax from Puget sound com-  
pares favorably with the famous prod-  
uct of Courtial, Belgium, and that  
Minnesota, Wisconsin and Michigan  
also yield good fiber. As preparation  
of the fiber requires technical knowl-  
edge and skill, co-operative associa-  
tions for securing expert aid are pro-  
posed.

### Rheumatism and Allied Pains —They Must Go!

The congestion of the blood in its  
flow causes pain. Sloan's Liniment  
penetrates to the congestion and  
starts the blood to flowing freely.  
The body's warmth is renewed; the  
pain is gone. The "man or woman  
who has rheumatism, neuralgia or  
other pain and fails to keep Sloan's  
Liniment in their home is like a  
drowning man refusing a rope." Why suffer. Get a bottle of Sloan's.  
25c. and 50c. \$1.00 bottles hold six  
times as much as 25c. size.—Adver-  
tisement.

When Gold is Powerless.  
Gold cannot remove the cares of  
the mind—Exchanges.

FOR FLETCHER'S  
CASTORIA

### LOST AND FOUND

By ANNE BROADHURST.

Having learned that a brisk walk  
and deep breathing in the cool air are  
better cure for the blues than taking  
a good cry, Ellinor went out as soon  
as she had finished her dinner and  
walked until the darkness drove her  
in. As she neared her boarding house  
she saw at the edge of the curb a  
man's leather bill purse, which she  
picked up. As she saw no one near  
who could have dropped it, she took  
it to her room.

"Fifty dollars! Just what I hoped  
to win in that contest!" Then Ellinor  
saw that the purse also contained  
some cards. "If I don't know whose  
it is I can't return it; and if I don't  
look at these cards I won't know,  
but—

"To a man who carries a purse of  
this quality and who uses engraved  
cards fifty dollars probably means  
very little," she mused, "but to me it  
means a winter suit and a month's  
board." Slowly she began to tear  
the cards, but as the tough paste-  
board began to yield to her trembling  
fingers she stopped abruptly.

"Horror!" she gasped. "I said I  
must win, and this is losing even my  
honor. Oh, I hate you!" And she  
swept the money from her and looked  
at the cards.

"Mr. Joseph Stanley Morton," she  
read, but the name meant nothing to  
her. She looked in the telephone book  
and found the following: "J. Stanley  
Morton, Broker, 515 City Bldg." No  
residence number being given, she  
could not notify him that night.

Ellinor had no opportunity to tele-  
phone during her busy morning, so  
she went during her noon hour next  
day to deliver the purse to its owner.

As she entered Ellinor saw that the  
only occupant of the room was a tall,  
well-built man whose dark head was  
bent over a typewritten statement  
lying on the table before which he  
sat. Hearing the door close, he turned  
upon her a kindly glance from a pair  
of dark gray eyes.

"Are you Mr. Joseph Stanley Mor-  
ton?" Ellinor began.

"Yes." The deep voice had a slight-  
ly rising inflection.

"Here is something of yours that I  
happened to find last night." She  
handed him the purse.

"Why what a pleasant surprise to  
find the purse, and how kind of you  
to bring it to me! I thank you sin-  
cerely. Now, won't you sit down and  
tell me all about it?"

Ellinor sat down and told him briefly  
where and how she found the purse.  
"I'm going to confess to you," said  
Morton, "that this very day I've been  
thinking that honesty is an unknown  
quantity these days, so, you see, you  
have restored to me far more than  
my lost money; you've restored my  
lost faith in humanity." He was lean-  
ing toward her with the friendliest  
look in his clear eyes, but the sudden  
change which swept over Ellinor puz-  
zled him.

"Don't, please don't!" she almost  
cried. "If you knew how near I  
came to keeping it you'd hate me.  
Oh, I must tell somebody—" and  
grasping the arms of her chair as if  
to support herself, and looking into  
her lap, she told him just what she  
first thought of doing with his money.  
As she talked her cheeks faded from  
crimson to white. Then she rose to  
leave. Stanley Morton had been sit-  
ting with his elbow on the table and  
his right hand shielding his eyes, but  
he rose quickly and stood between  
her and the door, with his right hand  
extended and a sympathetic smile in  
his eyes.

"Please let me say that I under-  
stand fully, and that I honor your  
bravery as much as your honesty.  
Many of us are passively honest  
when it's convenient, but you are ac-  
tively honest even when it means a  
hard fight. You've made the world  
seem right again for me, and now  
won't you promise me that if I can  
ever make things easier for you you  
will let me serve you?" The man's  
sincerity was unmistakable, and  
Ellinor extended her hand and smiled  
up at him frankly.

"You've already made things easier  
by forgiving me, and you've under-  
stood, and that is what counts most,  
you know." It was only after she had  
gone that Stanley Morton realized  
that she had not told him her name or  
given him any clue about her work.

One morning, a month later, as  
Ellinor was at her work in the book  
store she turned from the shelves with  
half a dozen books in her arms and a  
near-sighted customer, intent upon a  
book he held, collided with her, scat-  
tering the books in all directions. A  
gentleman who was approaching  
picked up two of the books and was  
about to pass on with a formal ac-  
knowledgment of Ellinor's thanks,  
when their eyes chanced to meet. It  
was Stanley Morton.

"At last I've found you, as I knew  
I should find you some day." His  
words came deliberately, but his tone  
made each word a caress. "But there  
are always twofold discoveries about  
you, and I'm daring to believe that  
I've found in your eyes evidence that  
in your heart there is something of  
the same love that has been growing  
in mine ever since the day I found  
you. This is no place to say it, but I  
love you and need you and want you." Her eyes fell on the title of the book  
he held in his hand. It was "Para-  
dise Regained."

When Gold is Powerless.

the mind—Exchanges.

### COMMISSIONER'S SALE

Christian Circuit Court, Kentucky.

Mattie Bell  
Against Nettle Moss and her hus-  
band, Sandy Moss, Ruby  
McToosh and her husband  
Berry McToosh, Allen Bell,  
Alma Bell, Willie Bell,  
Melton Bell and Roy Bell

By virtue of a judgment and order  
of sale of the Christian Circuit Court,  
rendered at the September term  
thereof, 1915, in the above cause, I  
shall proceed to offer for sale, at the  
Court house door in Hopkinsville,  
Ky., to the highest and best bidder,  
at public auction, on Monday, 6th  
day of December, 1915, between the  
hours of 11 a. m. and 2 p. m. (being  
County Court day), upon a credit of  
six (6) months the following described  
property to-wit:

"Beginning at a post oak, north-  
west corner to a 200 acre survey  
made for Nihimph Craven; thence  
with line of said survey N 69 E.  
196 poles to a stake E. A. Brown's  
field, another corner to said survey;  
thence S. 12 E. 54 poles to a black  
gum, one of said Brown's corner;  
thence N. 78 E. 48 poles to a poplar  
near said Brown's Spring; thence  
South 5 W. 34 poles to a black gum;  
thence S. 5 1/2 W. 21 poles to a stake  
near the John Long spring; thence  
N. 82 W. 21 poles to a sycamore on  
the bank of the branch; thence N.  
9 1/2 E. 24 poles to a rock on the east  
side of the railroad; thence S. 76 1/2 W.  
134 poles to a rock in a field; thence  
N. 9 1/2 E. 72 poles to the beginning,  
containing 103 acres more or less.

Being the same tract or parcel of  
land that was conveyed to J. W. S.  
McCoy by A. W. Fields and wife,  
by deed bearing date of the 8th day  
of September, 1909, and which appears  
of record in the Christian County  
Clerk's office in Deed Book No. 120,  
at page 461, to which reference  
is made."

Sold to settle estate of D. E. Bell,  
deceased, and for all Court costs and  
for distribution among the heirs at  
law.

Or sufficient thereof to produce  
the sums of money ordered to be  
made amounting \$—. For the  
purchase price, the purchaser must  
execute bond with approved surety  
or sureties, bearing legal interest  
from the day of sale until paid and  
having the force and effect of a Re-  
plevin Bond. Bidders will be pre-  
pared to comply promptly with these  
terms.

LUCIAN H. DAVIS,  
Master Commissioner.  
T. P. Cook, Attorney.

### Fruit as Food.

Fruit is a most important food, not  
so much on account of the nourish-  
ment it contains, for it is nine-tenths  
water, but because of its valuable  
acids and organic salts. It is nature's  
medicine. That is why some say they  
"cannot eat fruit." It purifies them—  
cleans house. These people should  
persevere until they are able to eat  
fruit. Then they will know that their  
blood is comparatively pure.

### Twins.

One strange prejudice is that which  
the Kafirs entertain against twins,  
that are held to be most unlucky, al-  
though, oddly enough, a twin is al-  
ways expected to be clever. So pro-  
nounced is this dislike that in the old  
days a woman who had twins for the  
second time was put to death.

Freshman.—Dorothy Bartley, Alex Fowler, Otho Schmidt, Walter Shepard.

**VICK'S Croup and SALVE**  
FOR ALL COLD TROUBLES

#### FOOTBALL GAMES TODAY.

Hopkinsville plays Paducah at Paducah.

Owensboro and Henderson play at Henderson, the game to decide the championship.

Princeton and Madisonville will play at Princeton.

#### Bethel Reception.

The first reception to the students of Bethel College since the session opened, was held at the College Monday evening with a large number of young men present from in and out of town. Refreshments were served and the occasion was fraught with much pleasure.

#### Broke His Wrist.

Hal Johnson, son of Mr. Ed Peetree, sustained a bad fracture of his right wrist when he attempted to crank his automobile Tuesday.

## POOR OLD MOTHER OF WAYWARD BOY

To Go On Trial For Her Life at Elizabethtown, Today.

Judge J. T. Hanbrey will go to Elizabethtown today to preside at the trial of Mrs. Mary E. Graham, 60, charged with complicity in the murder of Sheriff R. T. McMurry several months ago. Mrs. Graham's son, Turner Graham, who was convicted of the sheriff's murder, was electrocuted at the Eddyville penitentiary July 31, last.

Young Graham was accused of a shooting which occurred in Elizabethtown and was trailed to his home in the county by a sheriff's posse. Mrs. Graham told the officers her son was not in the house. She permitted them to search the premises. When McMurry climbed a ladder leading into the attic he was shot down by young Graham. A few hours later he died of his wounds.

According to Mrs. Graham, her son secreted himself in the house without her knowledge. Much sympathy has been enlisted for her because of her age, and the belief is expressed by many that she is telling the truth. Worry over the impending trial has made inroads on her health of late, it is said, and many think she will be unable to live through the rigors of a murder trial.

#### \$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dredged disease that science has been able to cure in all its stages and that is Cataract. Cataract Cure is the only positive cure now known to the medical fraternity. Cataract being a constitutional disease, requires a constitutional treatment. Hall's Cataract Cure is taken internally, acting directly upon the blood vessels, purifying the system, thus destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer a hundred Dollars for a list of testimonial.

Address F. J. CHENEY & CO., Toledo, Ohio.

Sold by all Druggists, 75¢.

Take Hall's Family Pills for constipation.

#### PURELY PERSONAL.

Mrs. S. E. Shaw has returned to her home near Lexington, after a visit of a month to relatives in Virginia.

Mesdames T. E. Cheek and L. B. Lofton, of Paducah, are visiting Mrs. O. T. Davis.

Mrs. Lallath Atkinson, of Madisonville, is visiting in the city.

Thomas R. Harper, of Philadelphia, is visiting his aunt, Mrs. E. C. Gless.

Mrs. Thos. W. Buckner, of Herderson visited Mrs. S. G. Buckner this week.

Mrs. Q. A. Elliott, of Lafayette, is visiting Mrs. Herschel Smith in Louisville.

Miss Lucy McCormack, of Bowling Green, Ky., is here to spend Thanksgiving with relatives.

As usual Hopkinsville will be well represented at the Vanderbilt-Sewanee football game in Nashville today.

Miss Gwynneth Bartley, who is teaching in the Cadiz school, is spending Thanksgiving with her parents.

M. R. Blythe, who had been residing in Greenville for several months, returned to the city yesterday to accept a position with the Anderson-Fowler Drug Co. His family will join him shortly.

C. T. Edmundson, of Nortonville, spent yesterday in the city.

#### At Hebron.

There will be preaching and church conference at Hebron Methodist church next Saturday at 2:30 p. m., and also preaching Sunday at 11 o'clock, by Rev. Virgil Elgin.

#### ON \$1,000 BOND.

H. D. Forbes was held over at Paducah on charges of assaulting two young girls, one of them his own daughter.

#### Haddock-Veach.

Ernest Haddock and Miss Bessie May Veach, of North Christian, were married here by Rev. Lewis Powell Monday afternoon.

# DO YOU BELIEVE IN SIGNS?

We don't mean Weather Signs or Bad Luck superstitions, but the kind of Signs you can really see. For instance, there is the "Danger." You know it means trouble to disregard that. But here is a sign that you shouldn't overlook, if you care how you dress:

## The Clothcraft

First of all, this sign means the best you can buy in Men's and Young Men's Ready-to-Wear Clothing at

**\$10 to \$20**

It means the Makers and Our Guarantee of All-Wool, Comfortable Fit, Style, Highest Grade Workmanship and Lasting Service to the wearer. It's a sign of Good Store Service, Courteous Treatment and Square Dealing.

We have a Walk-Over Shoe Sign in our Window that has kept the to looking and talking. It is the greatest walking wonder that ever came to Hopkinsville. It will only be here this week, so don't fail to see it. Our Edwin Clapp, Walk-Over and J. P. Smith Shoes are the best that money will buy. Prices are reasonable and quality is high. We are anxious to serve you.

## WALL & McGOWAN

The House of Good Clothes.

our carnival to be held in the spring and everything points to another great success such as that scored last season. The girls are busy planning for their basketball team and the big game with Bethel. As a whole everything is going on just as it should and giving promise of getting better and better.

#### HIGH SCHOOL DOPE.

Once again it is our wish to bring the High School before the public. Of course, every one in Hopkinsville knows that there is a High School building on Walnut street, but how many know what is happening there? How many know that this is the most successful year that our school ever has had? Although the year is not yet half over, we feel no hesitancy in saying this. The only proof one needs is to pass the High School at the noon hour and see the change that has taken place—Mr. Mallroy and Mr. Koffman mingling with the boys on the campus and joking with the girls on the big front steps.

But enough. With the beginning of the new regime the High School really started. One does not hear of conflicts between pupils and faculty. All is peace and harmony. Monday morning we were honored by a visit from Rev. Burke Culpepper, Mr. John U. Robinson, his singer, and Dr. Lewis Powell. Mr. Culpepper endeared himself in the hearts of the student body and insured a perpetual welcome. It is always a treat to have men of Mr. Culpepper's caliber visit our school.

On Wednesday morning there will be a special entertainment at opening exercises. The High School orchestra will play and there will be speech making by prominent men of the city. The football team will be given a rousing sendoff and all that a student body can do to insure success will be done to bring back victory from Paducah on Thanksgiving Day.

On Thanksgiving Day Brown, Moseley, Lackey and Oldham will be given a chance to show Paducah how to play football and incidentally to clinch a place on the all Western Kentucky team. Our team will be without the services of some of the best players in the line but will do all in their power to bring home the bacon.

### Fine Spirit of Co-operation For Education Meeting This Week.

Plans are being rounded up now for the District Teachers' meeting to convene here to-morrow and Saturday. Those in charge have prepared what is likely to be the best educational program ever offered at a meeting of this size and character and beyond question the best educational program ever offered in Hopkinsville.

On Friday afternoon, along with other good speakers will be Dr. E. C. McDougle, Dean of the Eastern Normal at Richmond, who will speak on "Preparedness." In the same afternoon Dr. W. A. Ganfield, of Danville University, will speak on "Why Have Schools?" These men are two of Kentucky's greatest educators, as well as two of our best speakers and every one interested in education should hear them.

On Friday evening at 7:30 Dr. C. A. McMurray, of Peabody College, Nashville, Tenn., will lecture to the Teachers' association and the people of Hopkinsville on "The Needs of

Terms—All amounts of \$20 and under cash. All sums over \$20 nine months, no interest, with approved security.

**L. A. DADE.**

## FAIR CASE IS DISMISSED

### Four of Principals in Night Rider Suits are Now Dead.

On the eve of the convening of the federal court at Owensboro, an order was entered in the clerk's office Saturday, dismissing, without prejudice, the action of Mrs. Elsie Gaylord Latham against Dr. D. A. Amoss and numerous other defendants, for \$60,000 damages. Thus, in all probability, is terminated one of the most noted federal suits in Western Kentucky in the last quarter century.

In the first place the attorneys held as prominent positions in their professions, as ordinarily are attained by men in a life time. Former Governor William O'Connell Bradley, subsequently United States Senator, on the one side of the famous litigation, was opposed by the Hon. Reuben A. Miller, of Owensboro. The latter was one of the most prominent attorneys in the state, being at the time chief counsel for the L. & S. L. & N. and district attorney for the Illinois Central Railroad company. Both of these have died.

### DISMISSAL ORDER.

The litigation closed on Saturday by the order of dismissal, grew out of the alleged night rider movement, which began to see the light of day in 1907 in the Hopkinsville neighbor-

hood. Dr. D. A. Amoss, believed by most of the parties affected in the litigation, and almost proven in many suits brought in the federal courts of Owensboro and other places, to be the original night rider chief, also has died recently. Mrs. Latham, formerly Miss Elsie Gaylord, of New York, and Louisville, never lived in Hopkinsville, but it was because of the destruction of the property of her husband, that the suit was filed primarily.

In a raid on Hopkinsville in 1907

## Do You Read Labels?

Domestic science teachers and food authorities are urging the housewife to carefully read the labels on all food articles.

The laws of most States compel food manufacturers to print the ingredients of their products on the label, and this enables consumers to distinguish healthful foods from those which may be deleterious.

High-grade baking powders are made of pure cream of tartar, derived from grapes. Royal Baking Powder is a type of the highest grade. It is healthful beyond a doubt and the safest and best to use.

The low-grade baking powders are made from alum, a mineral acid salt, or phosphate of lime.

Consumers can learn the character of the baking powder by referring to the label, which must state whether the contents include cream of tartar, alum or phosphate.

ROYAL BAKING POWDER CO.  
New York

by a large body of alleged night riders the large tobacco factory of the late John C. Latham was burned. Suit against the city of Hopkinsville was brought for failure to give the proper police and fire protection, but it was shown that the same persons who burned the property had taken the precaution to cripple the fire fighting system of the city and corral the police department. Then several individuals who were identified as being in the raids, were sued by Mrs. Latham. Dr. Amoss and many other citizens of adjacent counties to Christian, were named as defendants, and it was conclusively proven at one time that the raiders had come from outside the county of Christian.

Scores of prosperous farmers of that section of the state were ruined financially by reason of having been members of the raiders, or else were required to leave the community, sacrificing their property. Finally, about four years ago in the suit that was dismissed Saturday, what was considered a very astute move by the counsel for the defendants was effected by the payment by certain of the defendants of \$5,000 and having themselves released from further liability. Gossip among the attorneys was strong as to why Governor Bradley, with his great ability as an attorney had allowed himself to be coupled in this way.

In the meantime the two principal attorneys, Governor-Senator Bradley and Mr. Miller died, and then a short time ago came the death of Dr. Amoss, chief of the defendants, and the life of the case seemed to wane. While the action was dismissed without prejudice, thus leaving the plaintiff the privilege of again suing on the old grounds, it is not believed there will ever be an attempted revival of the causes of action.

# CAN I AFFORD A SPREADER?

### Will It Pay On a Small Farm?

Questions like these are uppermost in the farmers' mind now! Your neighbor bought a NEW IDEA and likes it, but prices on different kinds of machinery vary a lot. Permit us to offer a few reasons why every farmer needs a Spreader, why it will pay on a small farm, and why no other but a

### NEW IDEA SPREADER

will answer the requirements of a good farmer.

Very few farmers have any doubts but what their farms need lots of manure. Scientists and experiment stations have decided on the value of Barn Yard and Stable Manure, valuing same at \$10.00 per year for every horse and mule, and \$8.00

per year for each head of cattle and proportionally for other animals. This of course, the manure being properly handled. Using these figures as a basis, we find that the farmer with four head of horses, twelve head of cattle and twenty head of hogs or sheep, produces from \$200 to \$225 worth of fertilizer a year. In addition to this, if he has corn stalks or straw to rot, this will increase the total to at least \$250. From this you can easily figure what it amounts to on your farm.

If this manure is spread by hand or with a spreader that only dumps it off in piles and does not properly pulverize it, fully half is wasted by not being spread even. It is not only wasted by being piled, but in a place where a bunch of it lays it becomes soggy. This has been the trouble with most spreaders. If you can save half this manure, or in other words, make this manure go twice as far, you will save \$100 to \$125 per year, on a farm stocked as described. If you have more stock it will pay for itself in a short time. It is safe to say that a NEW IDEA Spreader will pay for itself on a 60-acre farm in two years.

THEN WHY HESITATE TO BUY?

### Which One Shall I Buy?

There are a good many features on the NEW IDEA not found elsewhere. A few of the most important are: Thorough pulverizing—the lower cylinder handles the lower part and the upper cylinder being set ahead of the lower one takes the load off first and relieves the lower one. Both cylinders run at the proper speed to prevent choking and insuring light draft. No gears on the beater shaft.

WIDE SPREADING: The two cylinders, after pulverizing the manure, drop it on a rapidly rotating distributor, which distributes the manure fully six feet wide, and covers the ground evenly. You don't drive over the spread manure when covering the field with a NEW IDEA.

LARGE CAPACITY: A load the same as you can haul on a farm wagon can be hauled with the New IDEA.

Extra top side boards go with each machine, which can be used for hauling straw and stalks.

DIRECT CHAIN DRIVE: The NEW IDEA does not need any gear wheels or gear transmissions. A heavy sprocket chain operates it, and does it at a saving of power.

PERFECT AXLE FEED—No hammer and anvil type, nor worm or gear drive. It's so simple that it's surprising no one ever used it before. Can be instantly changed to give the following spreads: 3, 6, 9, 12, 15 and 18 loads per acre by shifting lever.

STRONG CONVEYOR CHAIN—Cannot slip from under the load and will not race when going up hill. Nothing to warp or rust. No slats to remove in order to get manure out. Slides over tight bottom. Steel reaches and wheels track—the NEW IDEA is what we claim—the BEST Spreader on wheels.

The manufacturers of the NEW IDEA are spreader specialists, having pioneered wide spread machines for 16 years. Others are coming to it fast and are imitating the NEW IDEA as closely as they dare. The NEW IDEA plant is the largest Spreader plant in the world.

We have just unloaded car of these Spreaders and have one up for your inspection. Come and look it over or telephone us to bring it to your farm and let you try it. If you don't like it we will bring it back at our expense.

### ROAD BUILDING

#### CONTINUANCE OF GOOD ROADS

Strong Movement Throughout Country for Honoring of Old Trails—Memorial Lincoln Highway.

No state in the nation is richer in road traditions than the state of Maryland. Much of its early history might be written from the records in which road construction, maintenance and litigation figures. Some of the roads of Maryland are of ancient and honorable antiquity, and where these can be perpetuated—under conditions of modern transformation, the state is thereby engaged in preserving

Ancient Highway in Maryland.

valued traditions while giving sanction to the established use of roads that have been traversed a century or more, says Baltimore American. There is a strong movement the country over for the honoring of the old roads and trails. This is manifest in the movement that contemplates a memorial highway to Abraham Lincoln. The Old National Turnpike has clustering about it traditions of history that have been transformed into literary lore under the magic pens of essayists and poets. In the far West agitation for the preservation of the old trails is gaining in strength, and the Old Oregon, and the Old Whiskey and other historic trails that date back to times immemorial will doubtless be preserved as far as possible and, where obliterated by the path of progress, will be marked. Thus the trails followed by the red men from Canada even down to Central America will in time be made matters of record and reverence.

While sentimental and practical considerations may not always be embraced in the conclusions of the good roads commission, yet these should be and doubtless are considered together in so far as the commission has enlightenment and understands the sentiment of the communities affected. But the main proposition is that the people of Maryland are a unit for the continuance of the good roads movement. Baltimore has been greatly advantaged by the construction of paved streets from the country line, over roads that enter the city. It has deep interest in the prosecution of the good roads work for the benefit of the agricultural communities of the entire state. The traffic and transportation advantages are immense, while the state is thereby elevated in the view of the country at large. Let the good roads work go on.

### CONTROL OVER LOCAL ROADS

State Highway Departments Should Be Given Some Measure of Supervision Over Thoroughfares.

The realization has become quite general that, in order to render maximum service, state highway departments should be given some measure of control over the construction and maintenance of local roads. For this class of roads an amount exceeding \$160,000,000 is expended annually, with comparatively little result to show in the form of improved road mileage for this great outlay. The state of Iowa has met this situation by placing all the road work in the state under the direction of the state highway department.

Traffic is increasing so rapidly as to cause excessive wear upon the roads, especially in the vicinity of congested centers of population. This results in a heavy annual maintenance cost, averaging in the large eastern states not less than \$750 per mile per annum. Many experiments have been made in the effort to devise types of road which can be maintained at relatively low cost. Thus far, aside from the cheaper forms of construction, the states are depending upon the various forms of bituminous macadam, concrete, and vitrified brick road. Yearbook United States Department of Agriculture.

Lay Tribute on Wealth.  
Bad roads lay a heavy tribute upon our agricultural wealth every year. Only a small per cent of the farm, orchard, garden and live stock products may be loaded upon cars without hauling. Some must be hauled over poor roads a long distance. This increases the expense of marketing, which, of course, means waste of our resources.

Horse Knows Good Roads.  
If you want to know if good roads are good things, ask a horse.

### Get Rid of Those Poisons in Your System!

You will find Dr. King's New Life Pills a most satisfactory laxative in releasing the poisons from your system. Accumulated waste and poisons cause manifold ills unless released. Dizziness, spots before the eyes, blackness and a miserable feeling generally are indications that you need Dr. King's New Life Pills. Take a dose to-night and you will experience grateful relief by morning. 25c.—Advertisement.

Your New House.

A house which is set closely among trees should not be painted green or olive. Colors contrasting with the surroundings are better for the body of the house, but it may have green trimmings and roof if desired. A house with shingled upper stories, as a rule, should be painted on the lower story a lighter shade than the shingles, which may be Indian red, dark brown, green or some olive shade. The body should harmonize as, for instance, light or dark olive with Indian red, cream with browns, the grays with dark greens or dull red. Pure white with green trimmings is one of the prettiest color schemes for a suburban house set against a green background.

## FOLLY TO NURSE A GROUCH

Writer Makes Some Remarks That Are Worth a Few Moments of Reflection.

What a dissatisfied bunch of mortals we are! Three hundred and sixty-five days of each year we grumble about the weather. It's either too hot or too cold, too wet or too dry. You meet a friend who says, "It's a fine day today!" You answer, "Delightful!" The next one you meet says, "Ain't this beastly weather?" You answer, "The foulest ever!" You're always ready to agree with and join the kicker. Even the poor innocent weather cannot escape your hammer. Everything in this world was made wrong—except yourself, I mean; you are the quintessence of perfection in your own mind! When you're invited to a party, you are mad because you are invited, and if you are ignored you're mad again just because that condition fits your disposition. Why don't you, for a change, look at the bright side of things and maybe your "distrust" will improve.—Zim, in Cartoons Magazine.

## TROUBLES OF HIS OWN

Sister—Now, Willie, I don't want you to come into the parlor this evening when Cholly calls.

Willie—Don't worry, sis, I have a date with a little skirt myself this evening.

## IMPRESSION OF REAL TOIL.

"Why don't you quit work and go fishing?"

"I tried that once," replied Mr. Restagin. "If getting up at five o'clock in the morning and traveling out to a fishing place and falling into a boat and maybe out of it, and sitting in suspense by the hour in order to land a two-ounce fish are what you call rest and recreation, give me work."

## BUSY MAN.

Judging from the important way Dubson rushes around, he must have a tremendous amount of responsibility on his shoulders," said Twobble.

"Quite so," replied Seadson, in a slightly sarcastic tone. "I understand his wife intrusts him with a great many errands."

## NOTHING GRATIS.

"You can't get something for nothing in this life."

"That's right," replied the gloomy citizen. "If I want even a few kind words about my disposition and some hope of a future success I've got to go to a fortune teller and pay for them."

## THE CASE STATED.

"That artist at the zoo objects to the hippopotamus because the lines of its figure are not more delicate and graceful."

"Now, that's what I call being hippo-critical."

## CAREFULLY PREPARED.

"Does your husband make a report to you of how he employs all his time?"

"Yes. But he censors it."

## PAW KNEW THE ANSWER.

Little Lemuel—What is fame, paw?

Paw—Fame, son, is a high ladder with grease on each rung.

## SURE.

"There is no use talking, you can't eat a bad egg."

"Oh, I don't know, whenever I smell a bad egg I eat it."

## THE KIND.

Lawyer—You claim to have a *deceo*. Where did you get it?

Witness—From the police. They gave me the third.

## Might Be Dead Today.

Garden City, Kas.—In a letter from Mrs. James Hammer, of this city, she says: "I firmly believe that I would not be alive today, if it were not for Cardui. I had been a sufferer from womanly troubles all my life, until I found that great remedy: I feel that I can't praise it too highly." Are you a woman, suffering from some of the troubles, to which a woman is peculiarly liable? If so, why not try Cardui, the woman's tonic? You can rely on Cardui. It is purely vegetable, perfectly harmless, and acts gently but surely, without bad after-effects. Twill help you. Ask your druggist. —Advertisement.

## DIVULGED BY THE CARTOON

Caricatures That Are Conceded to Have Something of a Resemblance to the Human Race.

How ridiculous those cartoons by Webster in the morning edition of the Star look! Stern men are depicted with the apparent intelligence of snapping turtles and fully as few chins. There are gentlemen whose noses turn up, down or sideways, and others whose countenances sag, swage or squegee in strange places. Some have necks which run to the tops of their heads and then merely round off, and others whose necks are but stringy figments of the imagination. There, too, are gents whose Adam's apples first reveal their presence, and lords of creation who are blessed with facial architecture of the style to which anteaters are so passionately attached. There are other individuals who would be of astonishing height if there was not so much of them turned over for feet. In short, they are caricatures that exist nowhere in real life except in our own and every other neighborhood, and are only seen when you and I and the rest of us stroll majestically out. —Kansas City Star.

## ARE YOU A WOLF OR AN OX?

Physician Claims to Recognize Both Carnivorous and Herbivorous Human Types.

Evidence that there are two distinct human types—the carnivorous and the herbivorous—is offered by Dr. J. E. Goldthwait in his Shattuck lecture, published in full in the Boston Medical and Surgical Journal and reviewed in the London Lancet.

The interest of physicians in Doctor Goldthwait's theory is that, according to his view, the wolf and ox types of man, as perhaps they may be called, have each its peculiar diseases. In some cases the peculiarities of the type may induce disease; in others they simply react more easily to special conditions. Normal man is half way between these two types. Doctor Goldthwait tells us; he is part ox and part wolf; but just what proportion of each represents normality best, the lecturer does not say.

He thinks that the carnivorous, or wolf, type is gaining the ascendancy somewhat.—Literary Digest.

## CELEBRITY.

"There seems to be a great deal of rivalry between Dingleville and Spottstown."

"Yes," replied the old resident, complacently, "but Dingleville put over one last week that will hold Spottstown for a while."

"How was that?"

"A Dingleville boy turned out to be a forger who was wanted in twenty states."

## ATTACHED TO THE PLACE.

"This doesn't seem to be much of a town," said the tourist who was stretching his legs on the station platform.

"McBee not" answered the native, "but most of them that comes here stay awhile."

"Indeed?"

"Yep. Th' state penitentiary is over that jes' behind that hill."

## WHERE, INDEED?

"I'm glad the submarine is not going to supersede the dreadnaught," remarked Mrs. Gadders.

"Why so?" asked Mrs. Fumershy.

"Mercy, my dear! How can you be so stupid? If the navy were composed entirely of submarines, where in the world would naval officers do their entertaining?"

## RAW RECRUIT.

"Had any military experience?"

"I don't get yer."

"Ever done any shooting?"

"Sure! Craps."

## NOT IN HIS LINE.

She—You must give him credit for the fact that he expresses his ideas beautifully.

He—But, you see, I am a freight agent.—Judge.

## ITS COST.

"Does it cost much to put up a skeleton structure?"

"I guess it does cost a lot of 'bones'."

## ITS FREQUENCY.

"Do you have much rare meat served in your boarding house?"

"Well, I would like it a little oftener."

## Time Card

Effective Friday, Apr. 2, 1915.

## SPECIAL TO WOMEN

The most economical, cleansing and germicidal of all antiseptics is

**Paxtine**

A soluble Antiseptic Powder to be dissolved in water as needed.

As a medicinal antiseptic for douches in treating entarri, inflammation or ulceration of nose, throat, and that caused by feminine ills it has no equal. For ten years the Lydia E. Pinkham Medicine Co. has recommended Paxtine in their private correspondence with women, which proves its superiority. Women who have been cured say it is "worth its weight in gold." At druggists. 50c. Large box, or by mail. The Paxton Toilet Co., Boston, Mass.

## Counting Your Money

will occupy your entire time when you become a regular advertiser in THIS PAPER. Unless you have an antipathy for labor of this kind, call us up and we'll be glad to come and talk over our proposition.

No other building material offers such a low cost of maintenance as Brick.

There is literally nothing to do, year after year to the outside walls of a Brick House.

If you are building for home or investment, why use a material which must be constantly painted, repaired or even replaced. Why not use

J. T. Edwards Co.  
INCORPORATED.

#### Golden Anniversary.

The Golden Anniversary of Mr. and Mrs. J. D. Morris was celebrated Sunday, Nov. 21st, 1915. There were eight children, twenty grand-children and several outside visitors. In all 50 were present.

Mr. and Mrs. Morris received several presents.

The celebration was at their home on the Buttermilk road, three and one-half miles from town.

New York city must pay \$214,000,000 for next year's municipal government.

#### "Vaporize" Croup or Cold Troubles

Vapor treatments for cold troubles are better than internal medicines, as the vapors carry the medication direct to the lungs and air passages without disturbing the stomach.

When Vick's "Vap-O-Rub" Salve is applied over the throat and chest, these vapors, released by the heat of the body, are inhaled with each breath. 25c to \$1.00.

**VICK'S "VAPORUB" SALVE**

#### DWELLING IS DESTROYED

Contents Also Consumed By Flames Last Saturday Near Antioch.

A dwelling owned by William Johnson and occupied by Edward Deason, near Antioch, was destroyed by fire last Saturday, together with its contents. It is not known how the fire originated. The family were in this city and on their return found the building in ashes. The loss is several hundred dollars, with no insurance, we understand.

When you want fire, tornado, life or bond insurance in the... Oldest and Strongest Companies, see H. D. WALLACE, office up stairs, over Anderson -- Fowler Drug store, corner Ninth and Main.

**SOLOMON-JOHNSON**

Wedding at The Catholic Church on Tuesday Evening.

Mr. Henry Solomon, of Madisonville, and Miss Catherine Ann Johnson, of this city, were united in marriage Tuesday evening at 6:30 o'clock at the Catholic parsonage, Rev. J. P. Welsh officiating. The wedding was a very quiet nuptial event, witnessed by only a few friends of the contracting parties. The young people left at once on a bridal tour and on their return they will reside in Madisonville.

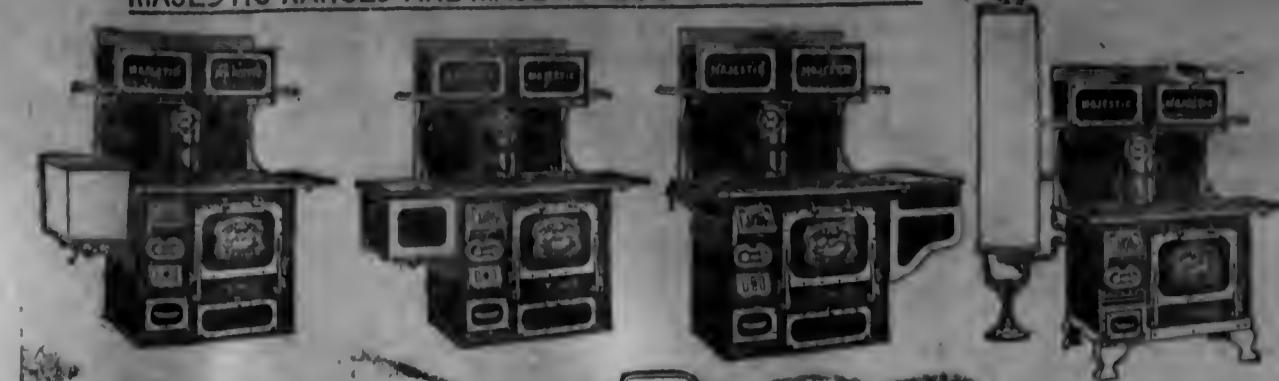

The groom is a well-known business man and is assistant superintendent of the National Life Insurance Co., at Madisonville. His bride is the pretty and popular daughter of Mr. C. F. Johnson, District Superintendent of the National Life, and has been in the office with her father for several years.

#### Clemency For Oldham.

In showing leniency for Jake Oldham, charged with liquor violation in Hopkins county, Gov. McCreary stated that Mayor Rish, of Earlington, had informed him that Oldham is the victim of a "possum hunter plot."
